DETAILED ACTION

Claim Informalities

It is noted that there are two instances of claim 26 in the newly filed claims. The second instance of claim 26 has been renumbered as claim 27 and each subsequent claim has been renumbered by an increment of 1, accordingly. This renumbering is for examination purposes only, as the numbering of the claims will be changed again prior to issue.

Allowable Subject Matter

Claims 1-31 are allowed.

The following is an examiner's statement of reasons for allowance: As argued by the applicant, and added by amendment, the prior art fails to teach, or make obvious, the limitation of first and second aperture portions of differing conductance used to achieve the first and second gas fluxes. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
